The marina is located in the Cancun hotel zone on Blvd. Kukulcan KM13.5 on the lagoon side. There are two major hotels you can take as reference points; the Kempinski Hotel Cancun (formerly known as the hotel Ritz Carlton) and the Royal Sands resort. On the opposite side of these two hotels, you will see a beige colored building with a convenience store called Oxxo and a car rental company called Europcar. On the right-hand side there is a restaurant called Taboo Cancun, between these two buildings you will see a gate and stairs leading to the marina, our office is located in front of the dock.
